Attn: Education Coordinator

HOW: See Entry Rules on page 2 for additional information.

2017 T-Shirt Contest Entry Rules

Theme: "Water Is Awesome!"

THE ENTRY FORM MUST BE SUBMITTED WITH EACH ENTRY!

Competition is open to any student enrolled in grades 6 through 8 living in the City of Dallas. **Entries must be postmarked or received no later than 5:00 p.m. on Friday, March 10, 2017.** Entries must be separated and, labeled by grade and teacher. Artwork must be flat – do not roll or fold. Entries may be mailed or delivered to:

**2017 Poster Contest
City of Dallas Water Utilities Conservation Division
1500 Marilla Street, Room 2AN
Dallas, TX 75201
Attn: Education Coordinator**

Artwork must recognize the importance of saving water. (Examples on page 3)
Artwork will be judged on creativity, relevance, legibility and adherence to guidelines.

- Creativity: Artwork should reflect the student's appreciation of the importance of water and illustrate a water conservation method or concept.
- Relevance: The idea for the artwork relates to **2017 theme** and must include the statement ***"Water Is Awesome!"***
- Legibility: The artwork is readable and easily understood.
- Adherence to Guidelines: The entry must be submitted on white or off-white background paper and is at least 8 1/2 inches by 11 inches. (Notebook paper or graph paper may not be used.) The student may use water or tempera paint, crayon, ink, charcoal, pastel, etc. to create the artwork. Reflective materials such as glitter or gold stars or items such as cotton balls, straw, magazine pictures or fabric glued to the art are prohibited and will result in disqualification.

Each entry must be the work of one student. The concept, design and artwork must be the original work of the student entering. If the judges determine that someone other than the student has assisted in the creation of the poster, the entry will be disqualified.

Kids Tips

Theme: "Water Is Awesome!"

- Take shorter showers – five minutes or less. Try to save even more by turning the water on to get wet; then turn it off to lather up and finally turning it back on to rinse off.
- Think about other ways to use water before letting it go down the drain. Perhaps watering a plant or rinsing something that needs cleaning.
- Avoid water toys that need a constant stream of water.
- Only run the dishwasher or washing machine when they are full.
- Watch for leaky faucets and learn how to help your mom or dad fix them. Did you know that it can waste 20 gallons of water a day?
- Avoid flushing the toilet unnecessarily. Dispose of tissue, insects and other waste in the trash rather than the toilet. (Each flush can use 3 to 6 gallons of water!)
- Turn off the faucet when brushing your teeth. (The faucets use 2 to 3 gallons per minute).
- Don't let the water run when you wash dishes.
- Remind your parents that grass only needs one inch of water every five to seven days to stay healthy and green. Most people use much more water than is needed and cause their grass to have shallow roots which makes the grass unhealthy.
- Try to do one thing each day that will save water. Even if savings are small, every drop counts.

Kid's Contest Entry Form

***A completed entry form must be included with each entry or it will be disqualified.
(Form must be taped or glued to the back of artwork)***

All entries become City of Dallas property and may be reproduced in future water education literature.
