In order to ensure that Minor Plumbing Repair (MPR) Program repairs and fixture replacements are made properly and completed in a timely manner, all MPR customers must agree to a follow-up inspection by City Staff. An Inspector will contact you within 3 weeks of completion of your project. If we are unable to contact you to conduct a final inspection, the City of Dallas reserves the right to bill you for all repairs, fixture replacements and labor charges incurred. In addition, the ninety (90) day warranty on all work performed and the one (1) year warranty on materials installed will be void if a follow-up inspection is not performed.

A maximum of two (2) toilets per household may be replaced.
